Permit Number P41-10-00160

| THIS PERMIT HAS BEEN APPROVED ELECTRONICALLY BY THE FOLLOWING PPQ HEADQUARTER OFFICIAL VIA EPERMITS. | DATE |
|---|---|
| Bonita Davis | 06/11/2010 |

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to $250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than $10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

## PERMIT CONDITIONS

This permit authorizes the importation of the listed articles, under the conditions specified below. A copy of this permit (including all conditions) must accompany all shipments authorized under this permit. Upon arrival in the United States, the articles and shipping container(s) are subject to inspection by officials of Customs and Border Protection, Agriculture Inspection (CBP-AI) and Plant Protection and Quarantine (PPQ).

1. Conditions of Permit for corn seed for planting from admissible countries

2. Relevant regulations: 7 CFR 319.24 and 7 CFR 319.41

3. This permit authorizes the importation of corn seed intended for planting from approved countries. Approved countries are those NOT listed in condition 5.

4. Importers may use any U.S. Port of Entry. A copy of this import permit must be provided to the port of entry or must accompany each shipment.

5. Corn seed grown in or exported from any of the following countries is PROHIBITED entry into the USA: Africa (all countries), Armenia, Australia, Azerbaijan, Bangladesh, Belarus, Bhutan, Brunei, Bulgaria, Burma (Myanmar), Cambodia, China, Estonia, Georgia, Hong Kong, India, Indonesia, Japan and adjacent islands, Kazakhstan, Kyrgyzstan, Laos, Latvia, Lithuania, Malaysia, Moldova, Nepal, North Korea, Oceania, Pakistan, Papua New Guinea, Philippines, Russia, Singapore, Sri Lanka, South Korea, Taiwan (Province of China), Tajikistan, Thailand, Timor-Leste, Turkmenistan, Ukraine, Uzbekistan, or Vietnam. THIS PERMIT DOES NOT AUTHORIZE THE IMPORTATION OF CORN SEED FROM ANY OF THESE COUNTRIES.

6. Upon arrival in the United States, the articles and shipping container(s) are subject to inspection by officials of Customs and Border Protection, Agriculture Inspection (CBP-AI) and/or Plant Protection and Quarantine (PPQ). The shipment must be free from soil, other foreign matter or debris, prohibited plants, noxious weed seeds, and living organisms such as parasitic plants, pathogens, insects, snails, and mites. Seed found to be commingled with prohibited or infested material will be subject to re-exportation or destruction.

7. If the corn seed is entering the United States from an approved country other than Canada, a declaration of labeling must accompany each shipment. The declaration of labeling consists of the invoice and labeling tags on the containers, and must identify the kind name, lot designation, origin, and if the seed is treated, the chemical name of the treatment applied. Each shipment is subject to sampling at the port of entry and must be free from designated noxious weeds and other pests.

8. If the corn seed is entering the United States from Canada, it must be accompanied by a Seed Analysis Certificate issued by an approved laboratory in Canada. If the seed was grown in Canada, the PPQ Form 925 should be used. If the seed was imported into Canada from a different approved country, the CFIA Form 5289 should be used.
IF the corn seed is from Canada and is for experimental or breeding purposes, and is so labeled on the invoice, and is less than 1,000 pounds A Seed Analysis Certificate is not necessary.
